To the Afflicted

of any Disease

Everywhere.

Having estabiished our ability to cure any known curable disease, and many heretofore considered incurable, as our patients will testify all over the Southern States, we do not hesitate to say

To ALL InVALIDS

everywhere to write to us, or come to us, or communicate to us in some way, and we will do for you what others have failed to do—cure you Don't hesitate, but act now. Our

Electro Magnetic Emenegogue Pills,

for all irregularities and obstructions, are neverfailing in their effects, containing remarkable newly-discovered ingredients. We put up the best COUGH SYRUP in the world. Cures LaGrippe in 24 hours. Address

BACTERIO MEDICAL DISPENSARY,

6½ N. BROAD ST., ATLANTA, GA.

We seldom ever publish certificates, etc., but the following is one of many letters that are received daily:

NEW ORLEANS, La., October 10, 1892.

DEAR AUNT JOSIE: I write to let you know how proud we all are. Mamma is up and walking about. You know she had not walked a step since I was a baby, and I am now over twelve years old. Some body brought a PEOPLE'S ADVOCATE that had an advertisement in it of some doctor in Atlanta, Ga., that could cure any disease, and we wrote to him and got some medicine and she took it, and began to mend right away, and now says she is well. After she had tried all the doctors and all the medicine she could get, she says she wishes everybody that is real bad off would send to him. I don't remember the full name, but it had Bacterio in it, and was 6½ N. Broad Street, Atlanta, Ga. Mamma says she is coming to see you in the summer. Write soon. Your Niece,

MARY HAUSBY.

The Electropoise

The Electropoise is a scientific instrument for the cure of disease without medicine. Based on new theories as to the cause and cure of dis ease, it deals with the electrical and magnetic conditions of the body and gases surrounding it in the atmosphere. The principal and most common need of the sick is Oxygen—pure Oxygen—and this the Electropoise supplies, by putting the system in such a condition that it absorbs Oxygen from the atmosphere.

The Electropoise is not a patent medicine; not a mysterious or miraculous cure; not a battery or belt, nor in any way akin to the many "electrical cure-alls" advertised.

It is a reliable and truly wonderful treatment, *curing* diseases pronounced *incurable* by eminent physicians. It is endorsed by the best people of this and adjoining States. The Company owning the Electropoise is composed of Southern gentlemen and some of the most prominent men of Georgia, Alabama and adjoining States are interested in it.

Many of the best and most prominent citizens of Atlanta own and advocate the use of the Electropoise.

Do not despair before investigating this wonderful treatment. We will be pleased to have all impartial investigators visit our office, whether they wish to buy or not.

Every genuine Electropoise stamped as above. Beware of worthless imitations and infringing counterfeits.

The "Caligraph."

Writing Machine.

"IT STANDS AT THE HEAD."

Whenever you receive a proposition for a Typewriter, kindly bear in mind that the **"CALIGRAPH"** is the best **ALL ROUND** machine for the following reasons :

HIGHEST SPEED—(Always ready to prove it in a fair test.)
LIGHTEST RUNNING—(No paralysis for *our* champions.)
BEST MANIFOLDING—(Toronto, August 13, 30 per cent ahead.)
LEAST NOISE—(One reason telegraph operators prefer it.)
SHORTEST STROKE—(Saving time and labor.)
MOST DURABLE—(Only machine guaranteed two years.)
STEEL TYPE—(No rubber bands or type to give out.)
NO UPPER CASE "SHIFT" (Hard to make two motions as easily as one.)

Popular Prices: No. 1 $70; No. 2 $85; No. 3 $100.

The reason we can care for our instruments *two* years, free of charge, is because the Caligraph type-bars respond to but one type and wear twice as long as machines "shifting" for upper case, where each bar must respond to two types ; (a horse can haul one ton more easily than two tons.)

These facts will help you *protect your interests* when drummed on the type-writer question, if not already posted, and we trust when in the market for a writing machine you will, at least, give us a call. We make no charges whatever for instructing customers fully.

Type-Writer Supplies. Machines Rented. Copying Done.

Our instruments attract people by the qualities they display; they retain them by the qualities they possess.

ATLANTA UNIVERSITY,

ATLANTA, GA.

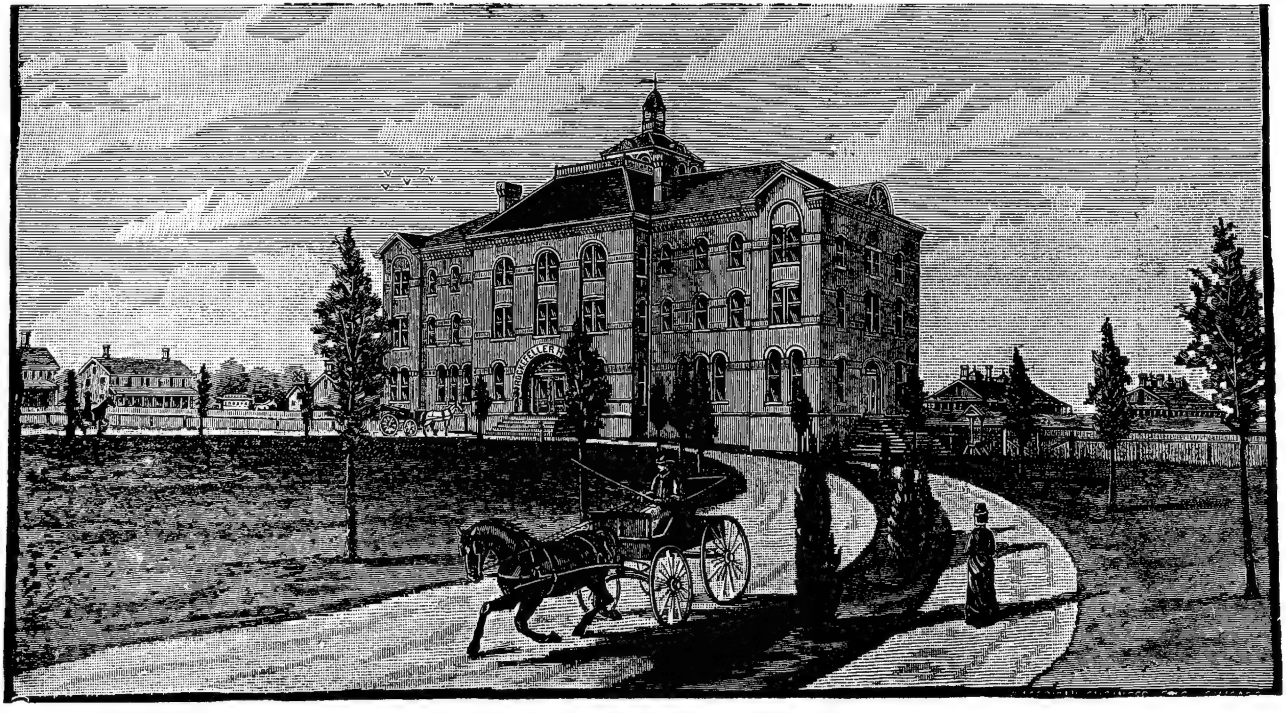

TO STUDENTS: * *

Atlanta University offers an education in all studies from the Primary School up through Grammar, Normal and Collegiate Courses, together with industrial training in Carpentry, Blacksmithing, Farming, Printing, Cooking, Sewing and Dressmaking, at a total cost of from $92 to $96 a year for each student, including furnished room and board for eight months.

TO CAPITALISTS: *

The education which Atlanta University gives to the needy people of the South, renders your investments in this region more secure, increases the demand for the merchandise which you desire to sell, and renders more intelligent and efficient the labor that you employ. An endowment of at least $500,000 is needed to put the institution on a secure and permanent basis.

ADDRESS REV. HORACE BUMSTEAD, D.D.
PRESIDENT

BEFORE ▲ INSURING ▲ YOUR ▲ LIFE

INVESTIGATE

THE LIFE RATE ENDOWMENT PLAN

OF THE

Union Central Life Insurance COMPANY.

By this Plan not only are the dependent ones provided for in case of death, but provision for the later years of the insured himself is made, if he lives.

The people are demanding this kind of insurance, so that all the leading companies are endeavoring to give them policies that contain at least some of the principles of our plan. But there is no plan yet so simple as the Life-Rate Endowment, such as the UNION CENTRAL has been issuing for so many years past.

We simply charge the ordinary life rate, the same as charged by this or any other company; the policy-holder pays the same amount each year, the dividends with all the accumulations remaining with the Company to the credit of each policy. In other words, we keep an individual account, in a business way, with each policy, taking the premiums paid, and all its share of interest and all profits of every description, and from this deducting each policy's share of the death losses and expenses, and when the policy has become self-sustaining, or when the policy has become matured, we pay it in full.

We never make any partial settlements; our policies, whether paid at death or maturity, are paid in full for the whole amount insured. It is not every one who can afford to pay the high rate charged by the different companies, but any one can afford to pay the ordinary life-rate for a policy, either with limited payments or otherwise, so our Life-Rate Endowment Policies are within the reach of all, and there is no other company in the field that issues a policy of the same kind that will be paid in full as an Endowment in the same time, and at the same price, nor one in which the profits are so large.

SECRETARY ATLANTA CHAMBER OF COMMERCE,

Chamber of Commerce Building.

S. P. RICHARDS & SON, Sales Agents,

37 WHITEHALL STREET.

CONSTITUTION PUBLISHING COMPANY, PRINTERS,

1893.

Entered According to Act of Congress in the year 1893 by H. G. Saunders, at Washington, D. C., in the office of the Librarian of Congress.

INTRODUCTION.

THE seventeenth volume of the Atlanta City Directory is submitted to the severe and searching test to which it will be daily exposed, with a confidence acquired by the experience of years. The facts related have been obtained by an interview with every adult resident of the city, and the work and the data it contains are of vital importance to the public. Extensive and expensive preparation are necessary for the successful publication of a directory for a city like Atlanta, together with a thorough knowledge of every locality within and adjacent to the city, and the cultivation of habits of observation by the entire force engaged on the canvass and compilation, is indispensible. A properly prepared Directory is far more than a mere catalogue of the names, addresses and occupations of citizens. It is a historic record, in detail, of a city's progress and is frequently used by those making investment in, or contemplating removal to a strange city, for the purpose of satisfying themselves as to the measure of prosperity such a city enjoys, and what the future is likely to develop for it. Recognizing these facts, I have used every endeavor and spared no expense in making this work a complete exhibit of the Atlanta of to-day.

The result of the census taken in connection with the work is, to me, somewhat disappointing, numbering only 104,421—an increase of about 2,000 during the past year. This is a smaller percentage of increase than has been shown in any single year in the past half decade, and is accounted for in a great measure by the removal of the headquarters of the Richmond & Danville Railroad system, the demolition by fire of the Glassworks, and similar calamities, which, however, have been more than counterbalanced by the influx of strangers. The building operations of the city have been larger than in any other one year of her history. Over a thousand buildings have been erected, among them the Equitable building, which is the most complete office building in the South, the Inman building just completed, and the Grant building remodelled, rank with the first-class office buildings of any metropolitan city. The Aragon Hotel closely follows the Equitable building in architectural beauty and perfect appointments. The new Emery block, the new Mitchell building, the new Police Station, the new Fire Department headquarters, the new Forsyth street bridge, the new Opera House, new Concordia building, new Home of the Friendless, new Medical College, Grady Hospital, new Telephone building, new Baptist Church, new Coker building, the new Waterworks, and many other enterprises, all represent enormous expenditures and were commenced or completed within the year 1892.

The city is in a better condition to-day, and its prospects are more favorable than at any other period of its existance. On every hand is ample evidence of material advancement and prosperity. In all lines of business, both wholesale and retail, there has been a regular and healthy growth, and our merchants, manufacturers and professional men are all far in advance of what they were a few years ago. Look upon the stately buildings which now grace our business thoroughfares, and are excelled for size, architectural grandeur and beauty of finish by no city of similar size; or take a walk through our residence districts and view the numerous magnificent dwellings with their elegantly improved grounds, which attract attention in every direction, or consider the advances made in railway facilities, rapid transit lines, bridges, streets, sidewalks and suburban improvements,

and it is clearly seen that Atlanta has developed marvelously in the past few years. Fewer idle people have been found than in any previous year since 1887, and all those employed are evidently earning good wages, for their homes have all the indications of comfort and contentment. The business men are doing well, and many are enlarging their premises and extending their operations and building, or have contracted to build, new and commodious structures of their own.

One of the best evidences of a prosperous city is the patronage accorded to its City Directory, and in this particular, as in all others, Atlanta is preëminent. In thanking my subscribers for their very liberal encouragement and assistance, I have also the knowledge that the labor and painstaking care necessary to produce the work have been appreciated.

H. G. SAUNDERS.

Atlanta, Ga., Dec. 31st, 1892.

ATLANTA, GEORGIA, 1893.

Atlanta was incorporated as a city in 1847, and has been the Capital of the State of Georgia since 1868. It is the county seat of Fulton county, and is the largest and most important city in the State; is 101 miles northwest of Macon; 171 miles west of Augusta; 167 east of Birmingham, Alabama, and 138 south of Chattanooga, Tennessee. Population in 1860, 9,555; in 1870, 21,788; in 1880, 37,499, and in 1893, 104,421; about one-third of these are negroes. It is an important railway center, and very appropriately termed the "Gate City of the South." Nine railroads center here. They are the "Central," the "Georgia," the "Richmond & Danville," the "Atlanta & West Point" and "Western Railway of Alabama," the "Georgia Pacific," the "Western & Atlantic" and the "Nashville, Chattanooga & St. Lous," the "East Tennessee, Virginia & Georgia," the "Georgia, Carolina & Northern," and the "Atlanta & Florida." There are ninety-four miles of street railways—seventy-three electricity, eighteen dummy and three horse-car. Atlanta lies 1,085 feet above the sea level and is built upon hilly ground, and occupies the highest point or dividing ridge between the Gulf on the west and the Atlantic Ocean on the east. The city is laid out in the form of a circle, about three and three-quarter miles in diameter, the Union Passenger Depot being the pivotal point. L. P. Grant Park, about two miles from the depot, contains fine drives, lakes, etc. The Piedmont Driving Park, located about the same distance in the northern part of the city, is also a very popular resort for its members. The principal public buildings are the State Capitol, the Court House, the United States Custom House,

Fire Department Building, Police Headquarters, and the Chamber of Commerce Building. There are also some unusually fine Office and Church buildings and College structures. The principal manufactories consist of three large Cotton Mills, four large Furniture Factories, two Cotton Seed Oil Mills, a Brewery, four Manufactories of Fertilizers, thirteen Planing Mills, two Coffin Factories, a Bridge and Iron Works; in addition to which, Carriages and Wagons, Hats, Stoves, Soap, Boots and Shoes, Clothing, Elevators, Optical Goods, Brick, Marble, Spring Beds, Wire Goods, Pianos, Matches, Tools, Ink, Ice, Stained Glass, Engines and Boilers, Iron Fence, Excelsior, Cutlery, Chemicals, Railroad Cars, Packing Boxes, Baking Powder, Harness, Patent Medicine, Trunks, Tin-ware, Tobacco and Cigars, Glass, Show Cases, Terra Cotta, Saws, Paints and Varnishes are also manufactured to a considerable extent. There are also two large Railway Shops located in the city. The business of the city amounts to $140,000,000, annually, exclusive of $30,000,000 produced by the various manufactories. The total valuation of property, real and personal, is $78,760,000; actual value from one-half to two-thirds more. Twenty-one banking establishments, with a total capital of $5,500,000, do the business here; two of the number being National Banks, deposits $9,000,000. The city is governed by a Mayor and board of twelve Councilmen and six Aldermen. The police force consists of 141men, including officers, and are under the control of the Board of Commissioners. The Fire Department consists of eighty-three men, three steamers, four hose wagons, three hook and ladder trucks, about 16,000 feet of hose and a chemical. The Public School System, established in the year 1872, is regarded as nearly perfect as an educational system of any city can be. There are nineteen Public School buildings, with a seating capacity of 8,500; 120 teachers, to whom $65,000 is annually paid in salaries. The private educational institutions consists of four Medical Colleges, a Dental College, Law College, four Young Ladies' Seminaries and two Collegiate institutions for boys. The Georgia State Technological School has recently been erected here, and is engaged in a grand sphere of usefulness. In addition to this are six large institutions for the education of colored men and women. Ninety-eight Church edifices are in existence, comprising all the recognized sects; two libraries, the Young Men's Library and the State Library, together boast about 30,000 volumes. Thirty-five miles of Atlanta's streets are paved entirely with belgian block, and the city is lighted by electricity. Aggregate financial transactions of Atlanta Post office

for last year, $2,871,271.46. Atlanta's Clearance-house business average $4,000,000 per week. Atlanta is the second largest horse and mule market in the world, last year's business amounting to $5,462,500. Atlanta's new Water Works cost $500,000. Water brought from the Chattahoochee river, seven miles. One thousand and forty-one new buildings erected during 1892 cost $7,000,000. Atlanta has an unbroken line of Railways to five South Atlantic and four Mexican ports. The climatic advantages permit our merchants to carry stocks of merchandise through the summer with safety. Two hundred and twenty wholesale Mercantile Houses, with 1,000 travelers in the Southern States, do an annual business of over $95,000,000. Retail Mercantile Business of over $45,000,000. Six hundred and thirty-three Manufactories. Capital, $19,190,000. There has never been a boom here, and both population and value have advanced steadily since the war. Atlanta is within easy reach of coal and iron, and is only a few hours by rail from Birmingham, Chattanooga, etc. Climate is excellent the year round, and this has helped the growth of the city as much as any one thing. Atlanta is the great wholesale distributing point for the Southeast. It is also a great manufacturing center, and new enterprises are being continually started. The city is built almost entirely of brick, and the streets are paved with belgian block. It is a modern, pushing, energetic city, and has reached the point when its future is assured. The first settlement on the site now occupied by the city was in 1839. A year or two later the place was called "Terminus." In 1843 it was a town, and had undergone another change in nomenclature, being then known as "Marthasville." In 1847 the name was changed to "Atlanta." It was the chief seat of war from 1861 until the close of the war, and in 1864 was entirely destroyed by the invading army of General Sherman. The city has increased rapidly in wealth and population since.

JOHN V. BISHOP,

CONTRACTOR,

BUILDER AND

STAIR BUILDER.

Brick and Stone Work A Specialty.

86 SUMMIT AVE., ATLANTA, GA.

FINE JOB PRINTING

THE

Constitution Job Office

IS the best equipped office in the South, and is therefore better prepared to do *all kinds* of Printing at short notice. We employ nothing but first-class workmen each; and every one is an artist in his profession. We make a specialty of Catalogues and all kinds of pamphlet work. Bill Heads, Letter Heads, Envelopes, and all kinds of Commercial work. We also carry the finest line

WEDDING INVITATIONS AND CARDS

in the South. You will always find the latest designs at our office. Our prices are much cheaper than you will find elsewhere. Parties wishing any kind of printing done, will do well to write us and get figures before placing their orders. Address all communications to

W. J. CAMPBELL, Manager,

Constitution Job Office

West, North West & South West

VIA THE

Nothing has been overlooked in the construction of these vessels, and their fine model, full power and EXCELLENT SEA-GOING QUALITIES, have won for them the enviable reputation they possess. Passenger accommodations, both cabin and steerage, are unsurpassed. State-rooms being above the main deck are light, roomy thoroughly ventilated, thus assuring to the traveler the greatest degree of comfort and attainable.

Connections are made, at all the ports at which these steamers touch, with all railroads and steamboats.

Through Coupon Tickets are on sale, and Through Rates of Passage and Freight are named to interior towns and cities, including those of California, Mexico, New Mexico and Arizona.

No other passenger steamers run between New York and the ports named above.

This is the Favorite Route to Florida.

STREET DIRECTORY.

EXPLANATION.

In the following list it will be observed that all Streets, Avenues, ete., are arranged in alphabetical order, with name of occupant found at each number. The name of each street is given, showing what other streets and places run from it or across it, at the point at which they intersect.

The Union Depot on Wall Street, from Loyd to Pryor, is the central point of the city.

The following are the central streets from which others are numbered: Decatur and the W. & A. R. R., and West Peachtree and Whitehall.

☞To find the occupation of householders, refer to Alphabetical List of Names.

BEFORE INSURING YOUR LIFE.

INVESTIGATE

THE LIFE RATE ENDOWMENT PLAN

OF THE

Union Central Life Insurance COMPANY.

By this plan not only are the dependent ones provided for in case of death, but provision for the later years of the insured himself is made, if he lives.

The people are demanding this kind of insurance, so that all the leading companies are endeavoring to give them policies that contain at least some of the principles of our plan. But there is no plan yet so simple as the Life Rate Endowment, such as the UNION CENTRAL has been issuing for so many years past.

We simply charge the ordinary life rate, the same as charged by this or any other company; the policy-holder pays the same amount each year, the dividends with all the accumulations remaining with the Company to the credit of each policy. In other words, we keep an individual account, in a business way, with each policy, taking the premiums paid, and all its share of interest and all profits of every description, and from this deducting each policy's share of the death losses and expenses, and when the policy has become self-sustaining, or when the policy has become matured we pay it in full. We never make any partial settlements; our policies, whether paid at death or maturity, are paid in full for the whole amount insured. It is not every one who can afford to pay the ordinary life rate for a policy, either with limited payment or otherwise, so our Life Rate Endowment Policies are within the reach of all, and there is no other company in the field that issues a policy of the same kind that will be paid in full as an Endowment in the same time and at the same price, nor one in which the profits are so large.

PHŒNIX MUTUAL LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.,

Has received from its Policy-Holders $40,000,000.
Has paid its Policy-Holders $33,000,000.
And now holds for future payments over $10,000,000.

The Plans of the "Old Phoenix" furnish Honest Insurance and Modern Features at the Lowest Possible Cost.

Special Agents Wanted. Liberal Contracts with the right men.

CHAS. S. ARNALL, Gen. Agent. Office 28, Old Capitol.

THE SOUTHERN MUTUAL BUILDING AND LOAN ASSOCIATION.

Home Office, Atlanta, Georgia.

CAPITAL, $5,000,000. SHARES, $100.00 EACH.

Assets over $1,000,000.00.

OFFICERS:

HENRY L. ATWATER, President. A. J. ORME, Vice Pres. and Mgr Loan Dept.
WM. C. HALE, Secty & Gen'l Mgr. R M. FARRAR, Treasurer.
L. J. LAIRD, Manager of Agencies. ELLIS & GRAY, General Counsel.

ILLUSTRATIONS:

Investment $1,000 at Maturity

Estimate of the Cost and Profit on Ten Shares.

Membership Fee	$ 10 00
Eighty-three months at $6	498 00
Total cost in 7 years	508 00
Value at end of 7 years	1,000 00
Less cost	508 00.
Profits	$ 492 00

For 20 shares multiply above results by 2; for 50 shares, by 5; 100 shares, by 10.

Loan, $1,000 in Cash.

Membership Fee for 20 shares	$ 20 00
Monthly dues, $12.00 per month for 83 months	996 00
Interest, $5 per month for 82 mos.	410 00
	$1,426 00
Amount obtained in the beginning in cash	1,000 00
Esaimated cost of loan, only	426 00
Probable rental value of a $1,000.00 house $12.50 per month	1,050 00
Actual cost to borrower	426 00
Showing a clear profit to borrower	$ 624 00

It will be seen from the above illustration that the member has repaid his loan on easy monthly installments (17.00 per month); become his own landlord at the beginning, and not only saved his usual monthly outlay for rent, but acquired a home at an actual cost of 15 cents per day.

Examine the manifold advantages of the
"LOW RATE TERM PLAN,"
of this Company. It is easier to place insurance on this plan than on any plan ever before offered, and the policy itself is the most liberal and equitable contract consistent with recognized business principles. The marked success already achieved by this plan shows that it fills a want long felt by the insuring public.

The Company also issues all approved forms of insurance.

Policies are non-forfeitable and indisputable. Claims are paid immediately on presentation of proofs.

Offices of Southern Department: 50 Marietta St., opposite Post-Office.

1529 Arch Street Philadelphia, Pa

One hundred and fifty dollars would be a small sum to cover the daily visits of a first-class physician during a sickness lasting from two to three months.

Fifty dollars would fairly meet that important item of expense—medicine.

Drs. Starkey & Palen's Compound Oxygen Home Treatment costs in all fifteen dollars, lasting nearly three months, consultation during its use being free.

It is an inhalation rich in healing and revitalizing ozone.

It is a normal brain food, a nerve nourisher, a blood enricher instantly available, immediately assimilated.

Ordinarily chemical change must take place in a remedy after it is introduced into the system. before it can be appropriated.

This change has, to a large extent, already taken place in the COMPOUND OXYGEN TREATMENT. There is nothing to do but to inhale it directly to the breathing surfaces.

A moment after,it is blood.

You will have no trouble to believe this, if you will read what revitalized men and women who have used, it have to say.

It is no exaggeration to say that one can sit at ease in ones home and breathe the ozone of Co'orado and California, without the expense or discomforts of a journey to either place.

THE COMPOUND OXYGEN is a condensation of Oxygen, into which other scientific remedial ingredients are introduced.

An inhalation of this kindly but powerful means of cure quickens circulation, lagging functions awake to renewed activity, you fill both lungs, expand your chest, and perhaps the first time, really breathe. The COMPOUND OXYGEN TREATMENT will do more for you at less expense than any other remedy to which you can resort.

It lasts you nearly three months; you get strength and renewed vitality. your case receives careful consideration, and every symptom is followed.

A staff of skillful physicians, attend to this feature of the treatment and may be consulted either personally at the office or by letter.

For further information, send for our book of 200 pages, sent free. It is a history of COMPOUND OXYGEN and its results, with numerous testimonials and records of surprising cures in chronic cases.

Avoid counterfeits and imitations. Any substance made elsewhare or by others and called Compound Oxygen, is spurious.

DRS. STARKEY & PALEN, 1529 Arch St., Philadelphia, San Francisco, Cal., New York, N. Y. Chicago, Ill., Toronto, Canada.

ATLANTA ENGRAVING COMPANY,

South Pryor street.

Not in Business for Fun

But for making money the same as you are—and not here for making wild and improbable statements that no thinking r will believe. It is absurd to advertise first-class goods at second-c prices—anyone knows it cannot be done. But with a complete eq ment I am prepared to do

Printing Binding Engravin

at the very lowest prices good work can be done for. I am satis with a reasonable profit. Do much better work than the average, do it in a hurry. WILL COMPETE IN PRICE WITH ANYON QUALITY CONSIDERED.

CIRCULARS AND PAMPHLETS ADDRESSED.

H. G. SAUNDERS, PUBLISHER.

Chamber of Commerce Building.

I am prepared to address envelopes or wrappers, fold and mail circulars or furnish lists for any branches of business, either locally or throughout the United States.

My lists, from which addressing is done, are constantly being revised and extended. I have the only complete facilities in the South for executing this class of work.

I can select the names you wish to reach and address your envelopes at about the same rate as the addressing alone would cost you.

Special Lists of Names and Addresses Furnished.

MOORE'S

BUSINESS COLLEGE

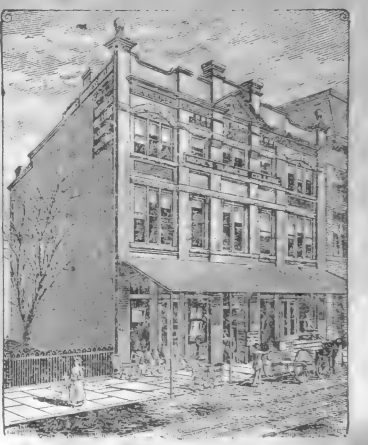

—AND—

SCHOOL OF SHORTHAND,

116 AND 118 PEACHTREE ST.,

ATLANTA, - - - GEORGIA.

The Best in the South. **Practical Education a Specialty.**

BRANCHES TAUGHT.—Book Keeping, Penmanship, Arithmetic, Correspondence, Bill Making, Spelling, Accounting, Shorthand, Typewriting, Banking, etc.

TIME OF ENTERING.—There are no terms or divisions. Students can enter any week day during the year with equal advantages. There are no examinations at time of commencing.

PREPARATORY QUALIFICATIONS.—A knowledge of the ordinary English branches constitutes a sufficient preparation for entering the College, and any special deficiences in these, if not too deep rooted, can be remedied in our course.

TIME REQUIRED.—The time necessary to complete the course is from twelve to twenty weeks, varying according to the ability and application of the student.

TUITION $25.00 for Three Months' Business or Shorthand Course.

☞For circulars, etc., address

WIRE WINDOW GUARDS { Bank and Office Railing, Elevator Enclosures, Etc.
ATLANTA WIRE AND IRON WORKS CO.

HARTMAN FLEXIBLE WIRE MAT

A SANITARY INVENTION.
A WOVEN WIRE RUG.
SOFT AS CARPET.

The only Perfect Mat for Door Ways, Porches, Vestibules, Offices, Banks, Public Buildings, Churches, Schools, Hotels, Theatres, Elevators, Laundrys, Counters and Bars, Railway Depots, Street Cars, Steam Ships, etc., etc.

Made in all sizes and shapes.

HARTMAN STEEL TREE AND FLOWER GUARDS

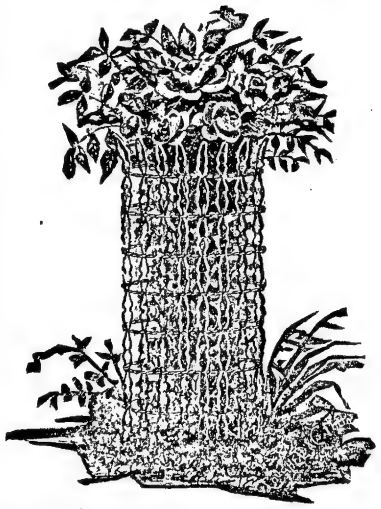

ORNAMENTAL, SRONG, DURABLE AND CHEAP.

Made of heavy Steel Wire, either Galvanized or Painted.

The Spiral Wire Coils for attaching this Guard to the tree are elastic, and freely expand with the growth of the trunk, and prevent any friction or chafing of the tree against the Guard during storms or high winds.

All wooden boxes, and similar rigid styles are liable to seriously injure or retard the growth of trees, aside from harboring insects that are known to be the worst enemies of the Maple and other Shade Trees Besides, the wooden boxes are clumsy, unsightly and require frequent repairs and painting.

This Flower Guard is the most perfect and elegant device ever offered for the protection and Support of Flowers, Plants, Shrubs, Rose Bushes, Small Fruits, etc., on the Lawn or in the Garden.

These Guards are light and graceful in appearance, making an ornament to the grounds; will not conceal the foliage nor shade the plant or tree from the sun; will not harbor insects and will allow cultivation of the ground; they take but a moment to erect and are easily moved from place to place. First cost is little, and will last a lifetime.

Illustrated Catalogue and Fence Booklet mailed free.

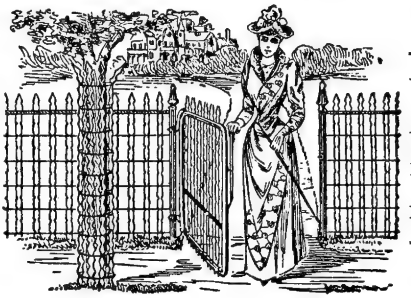

HARTMAN MFG. COMPANY,

51 and 53 S. FORSYTH STREET, - ATLANTA GA.

DO YOU WANT A FENCE

That is ornamental, strong, durable and cheap, for enclosing lawns, door-yards, cemeteries, graves, etc.

WRITE FOR LIST OF PROMINENT PEOPLE USING OUR FENCE.

WRITE FOR CATALOGUE AND BOOK OF TESTIMONIALS.

The Hartman Steel Picket Fence

IS BEAUTIFUL, CHEAP AND PRACTICALLY EVERLASTING.

STRONG: – Because made entirely of Steel.

DURABLE: – When once erected it is *solid as a rock. It cannot blow down, it cannot be pulled down, it cannot burn up.*

ORNAMENTAL: As shown in the engravings, with Steel Posts, Top Rail and Gates, its *gracefulness* is in *striking contrast* to the *clumsy wooden picket fence.* It has no unsightly base boards to *rot* and *shade* the *plants.* It *ornaments* the grounds *without concealing* them.

CONVENIENT: Easy to handle, quickly put up, *all the parts fit perfectly, no post holes to dig*, in fact not only the strongest permanent Fence, but the *most convenient* to handle and erect.

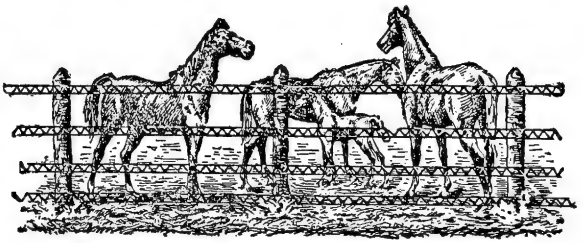

CHEAP – The *cost* of this Fence is *no more* than for an ordinary, cumbersome wood picket fence. Add to this that the expense of erecting it is much less than for *any* other fence made and *its cheapness is established.* Who would not have a beautiful, lasting Steel Fence in preference to a wooden one at anything like the same price.

THE PROOF: – Where once erected there is an immediate demand for it. *It sells itself.*

THE HARTMAN WIRE PANEL FENCE.

THE MOST POPULAR FARM FENCE EVER INTRODUCED.

Humane, Strong, Ornamental, Visible, Cheap.

THE HARTMAN WIRE PANEL FENCE

Webster's International, new from cover to cover, is the one to buy.

It is a thorough revision of the authentic "Unabridged," fully abreast of the times.

The work of revision occupied over ten years, more than a hundred editors being employed and over $300,000 expended before the first copy was printed.

Sold by all Booksellers.

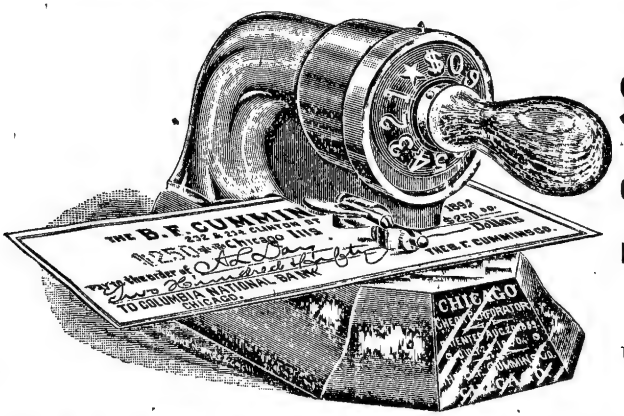

G. & C. MERRIAM COMPANY,
Publishers,
Springfield, Mass., U.S.A.

Send for a pamphlet containing specimen pages and giving full particulars. It will be sent prepaid.

☞Do not buy reprints of obsolete editions.
